

## Unit 18 — Career Specializations

### **audiologist**

a doctor specialized in hearing

"An audiologist does not undergo full medical training."

### **cardiologist**

a doctor specialized in the study and treatment of heart diseases

"The cardiologist fitted the patient with a pacemaker to control the beating of his heart."

### **chiropodist**

a doctor specialized in feet

"A chiropodist can treat a variety of foot and ankle ailments, including ingrown toenails, heel spurs, and arch problems."
